

BLUE RIVER BOARD OF TRUSTEES SPECIAL MEETING

Tuesday, August 12, 2026

5:00 PM

0110 Whispering Pines Circle, Blue River, CO

Agenda

The public is welcome to attend the meeting either in person or via Zoom. Please note, however, that public comments will not be taken virtually, but will only be accepted in-person during public comment periods.

The Zoom link is available on the Town website:

<https://townofblueriver.colorado.gov/board-of-trustees>

Please note that seating at Town Hall is limited.

Please Note: This is a special meeting of the Board of Trustees to enable the Board to focus its attention on specific issues that will become future topics for citizen input.

Call to Order – Roll Call

Communications to the Board of Trustees

Citizens are welcome to provide in-person comments on non-Agenda items. Comments are limited to 5-minutes per speaker. Written communications for any non-Agenda items will be distributed separately to the Board of Trustees.

Work Session

1. A work session to discuss short-term rental policy as a basis for focusing the Board's ongoing work concerning potential amendments to the Town's Short-Term Rental Program and Ordinance.

New Business

1. None

Executive Session

1. An executive session pursuant to CRS Section 24-6-402(4)(b) to receive legal advice and answers to specific questions concerning potential changes in federal and state government decision-making processes for use of highway rights of way.

Adjourn

Subcommittee Report – Recommendations from July 31st Meeting

The subcommittee on Short-Term Rentals (STR) and Caps met in a public meeting at 10am on July 31st. Minutes of the meeting will be provided at the next regular Board meeting for approval.

Trustees in attendance:

Trustee Demovic

Trustee Slaughter

Trustee Stimson

The subcommittee discussed STR policy with a focus on two specific issues: the use of zones to manage Short-Term rentals and the possible use of a cap system to promote equitable percentages of STR saturation across Town.

Town staff provided three recommended zoning options for subcommittee review which contained four zones, five zones, or six zones. Additional data was provided which showed licensed STR prevalence by individual neighborhood and by the proposed zones. Effort was made to retain neighborhoods fully within one zone rather than splitting distinct neighborhoods while ensuring relatively equal numbers of buildable lots in each zone. The data provided for consideration included percentages based on all “buildable” lots in each neighborhood, which was determined by the following formula:

Built Lots + Under Construction + Vacant but buildable – Restricted (non-buildable) lots = Total Buildable Lots in Town Limits.

The subcommittee decided to remove Spruce Valley Ranch and associated mining claims from the STR calculations, seeing as STRs are not permitted. This removed one possible zone from each proposed map. The subcommittee also determined that the DOT Condos (condominiums across from Town Hall) are functionally distinct from other development in

Town limits, as it is multi-family in nature. The subcommittee requested maps with five zones and six zones be provided to the Board for consideration.

The subcommittee also analyzed the data provided to determine responsible caps on each zone and determined that a set cap of 25% on each zone would be most suited for responsible STR management going forward. This impact will be slightly different depending on the zoning map that is approved by the Board.

Please remember: these are recommendations and not decisions. All items discussed at the subcommittee are up for consideration and revision by the Board as policy is determined.

Another note: I went through another sweep of the STR data based on the active licenses listed on CitizenServe as well as to revise the calculations based on recommendations made by the subcommittee. This resulted in two additional licenses being captured (issued prior to the moratorium but not properly integrated in the first draft of data) and a reduction in “buildable lots” by 54 lots with the removal of Spruce Valley Ranch and mining claims.

Thank you,

Chad Hull

Town Manager / Town Clerk
